Brief Description:

When Katie King joined Florence Cook she told her that she would only stay for three years during which time she would reveal many strange things. Katie was the daughter of John King, alias Henry Owen Morgan the famous buccaneer. John King with Katie also made themselves known in the Koons Spirit Room.

There are a many photographs of Katie King taken during Florence Cook's mediumship. Sir William Crooks, Dr James M Gully were all involved in the provision of these photographs during The Royal Societies testing of the medium. Katie left Florence on 21st May, 1874 after bringing her out of trance to say goodbye. This action was witnessed by Sir William Crooks who reported it as very moving with Florence shedding many tears.
