Spirit Guide: White Feather

Medium: Robert Goodwin

Nationality: Native American

Nationality: British/English

## Brief Description:

White Feather is from The Blackfoot Tribe that lived in Montana, Canada. He is the trance control of Robert and says that he has incarnated on the Earth Plain many times, his last some several hundred years ago. He uses the Astral Body of his last incarnation as a red man to come and impart his philosophy and teaching which are superb. His question and answer sessions leave no room for doubt. White Feather says that his name is a pseudonym and that he belongs to a group who all work with this name, this allows them a greater pool of knowledge to dip into and share with us here.

He is also a member of the Great White Brotherhood.
